

# FLOOD CERT ORDERS + **FLOOD ZONE DISCLOSURES** AUTOMATION

It's one thing to be able to automatically order flood certifications as soon as possible. It's another thing to make sure that every flood cert that returns a property in a flood zone immediately sends out the disclosures to your borrowers. Automate the whole flood certification process and gain the piece of mind that comes from knowing there will be no more missed disclosures.

### What makes Brimma BOTs Better?

At Brimma, we do more than create BOTs to automate your work. We work hard to make sure you know what you're getting and satisfied with the results. That's why Brimma backs-up its BOTs with a "if you don't like it, you don't pay" promise. And we provide a minimum of 30-days of "burn in" support for all of our BOTs.

Founded in 2016, by a former executive of Ellie Mae, IBM, and Palisades Technology Partners, Brimma was created to deliver innovative software solutions to mortgage lenders who need holistic solutions to the technology problems that have plagued the industry for decades. We know the only thing you hate more than your LOS is the idea of implementing a new LOS. We have felt your pain...and it is what drives us to build solutions that recognize that technology for mortgage lenders is unique.
