

Check HomeReady Eligibility

Check against FNMA guidelines for loan program eligibility

Don't let your loan officers miss-out on applications that are eligible for HomeReady products. This automation checks every time the loan data changes to determine if eligibility has changed. If so, it notifies your team so they can re-evaluate before the loan proceeds too far into the process.

What makes Brimma BOTs Better?

At Brimma, we do more than create BOTs to automate your work. We work hard to make sure you know what you're getting and satisfied with the results. That's why Brimma backs-up its BOTs with a **"if you don't like it, you don't pay"** promise. And we provide a minimum of 30-days of "burn in" support for all of our BOTs.

Founded in 2016, by a former executive of Ellie Mae, IBM, and Palisades Technology Partners, Brimma was created to deliver innovative software solutions to mortgage lenders who need holistic solutions to the technology problems that have plagued the industry for decades. We know the only thing you hate more than your LOS is the idea of implementing a new LOS. We have felt your pain...and it is what drives us to build solutions that recognize that technology for mortgage lenders is unique.
